

## Brings **movement** into life

Discover the secure, adaptable platform for true connection in everyday life. **100% Swiss Made.**

# same.space connects and **moves people**

**same.space connects people digitally through common interests and brings them together with a wide range of activities in everyday work and leisure time. The platform complies with data protection regulations, can be specifically branded and individually adapted to your needs.**

Whether in companies or clubs, whether in educational institutions or communities: same.space strengthens team culture, promotes cross-location networking and ensures more movement and interaction.

## **How does that work?**

Users create personal profiles, find people with similar interests and discover activities and meeting places on an interactive map. You can also become active yourself, create groups, post points of interest, publish offers and invite others to do so. This creates a lively community that enables low-threshold participation, promotes personal initiative and also brings quantifiable added value to the organization.

# How do you benefit from same.space

**same.space brings real closeness and lively analogue exchange instead of superficial screen contacts. Whether on the desktop or directly on the mobile phone: With a clever digital structure and precise filter options, the platform guarantees simple, fast and targeted networking for joint activities with like-minded people.**

- Strengthening culture and community
- Promoting exchange and networking
- Making commitment visible
- Enabling group formation and initiatives
- Increase motivation and belonging

- Creating orientation and structure
- Reduce turnover and absenteeism
- Improve collaboration and efficiency
- Activate responsibility and participation
- Promoting well-being and mental health

**Suitable for:** Companies, municipalities & administrations, educational institutions, health institutions, clubs & associations.

**«same.space guarantees peer empowerment and strengthens togetherness through joint activities in everyday work and leisure time. Convincing arguments also for our employer branding.»**

**Fiona Meier,  
HR manager**

# How do you benefit by same.space

## ➤ **The right solution for real community**

Social media is superficial, creates pressure, distracts. Messengers are selective, chaotic and private. Intranet informs, but does not connect. same.space is the first secure, structured platform for locally rooted communities.

## ➤ **Data protection guaranteed**

Organizations, communities, and educational institutions need GDPR-compliant tools. same.space is officially in use at the Federal Office of Sport and offers 100% Swiss hosting, without data sharing, without advertising, without tracking.

## ➤ **Intuitive and adaptable instead of complex and overwhelming**

Slack, Teams, Facebook & Co. are not geared towards real participation and everyday life. same.space is intuitive, accessible and adaptable to any target group.

## ➤ **Digital orientation in everyday life**

People are looking for structure, exchange and meaningful offers. same.space makes the unifying element visible, through thematic rooms, interests and activities.

## ➤ **Adapted to your needs**

same.space enables closed user groups and can be completely adapted to the CI/CD of your organization.

# Diverse features for activities and exchange.

same.space is designed down to the last detail to promote social connections in everyday life. Secure, intuitive, and tailored to your organization.

## Profile & Interests

Personal profiles with information about interests, places and activities – only visible internally.

## Activities

Organize, plan, and manage your own activities or participate in suitable offers.

## Groups & Exchanges

Weekly running group? Monthly reading circle? Easy to organize and coordinate together.

## Interactive maps

Find all relevant meeting points and locations on an interactive map, filter them and redirect them directly to the route.

## Matching, Search and Filter

Find relevant contacts, activities or places quickly via matching, filters and a powerful full-text search.

## Mobile Ready & PWA

As a web app or installable app – without an app store, on all devices. No ads, no tracking.

# Best conditions for measurable results.

From onboarding to user experience to administration – same.space makes community building easy and efficient.

## Full data sovereignty

No ads, no tracking, no data Transmission. Your data stays with you.

## Made in Switzerland

Development and hosting 100% in Switzerland. ISO-certified and data secure.

## Trust at the federal level

Developed in cooperation with the Federal Office of Sport (FOSPO)

## White-Label & CI/CD

Platform completely in its own branding with colors, logo and domain. Flexibly expandable.

## Admin-Dashboard & Insights

Provides clear key figures and insights for management and further development.

## Employee Onboarding

Simply invite new employees and integrate them into the platform with just a few clicks.

**«Especially for our foreign students, it is not easy to make friends. With same.space, they are quickly networked and integrated.»**

**Martin Largo,  
Rector of the University of Applied Sciences**

# ROI guaranteed for employers

## same.space pays off

### ➤ **Increased productivity**

Well-connected, engaged teams work more efficiently, faster and more innovatively – with a direct impact on sales and profits. A McKinsey study shows that investments in employee well-being increase productivity by 20-25%. According to the Harvard Business Review, a strong sense of belonging also increases innovation by around 30%.

### ➤ **Less fluctuation**

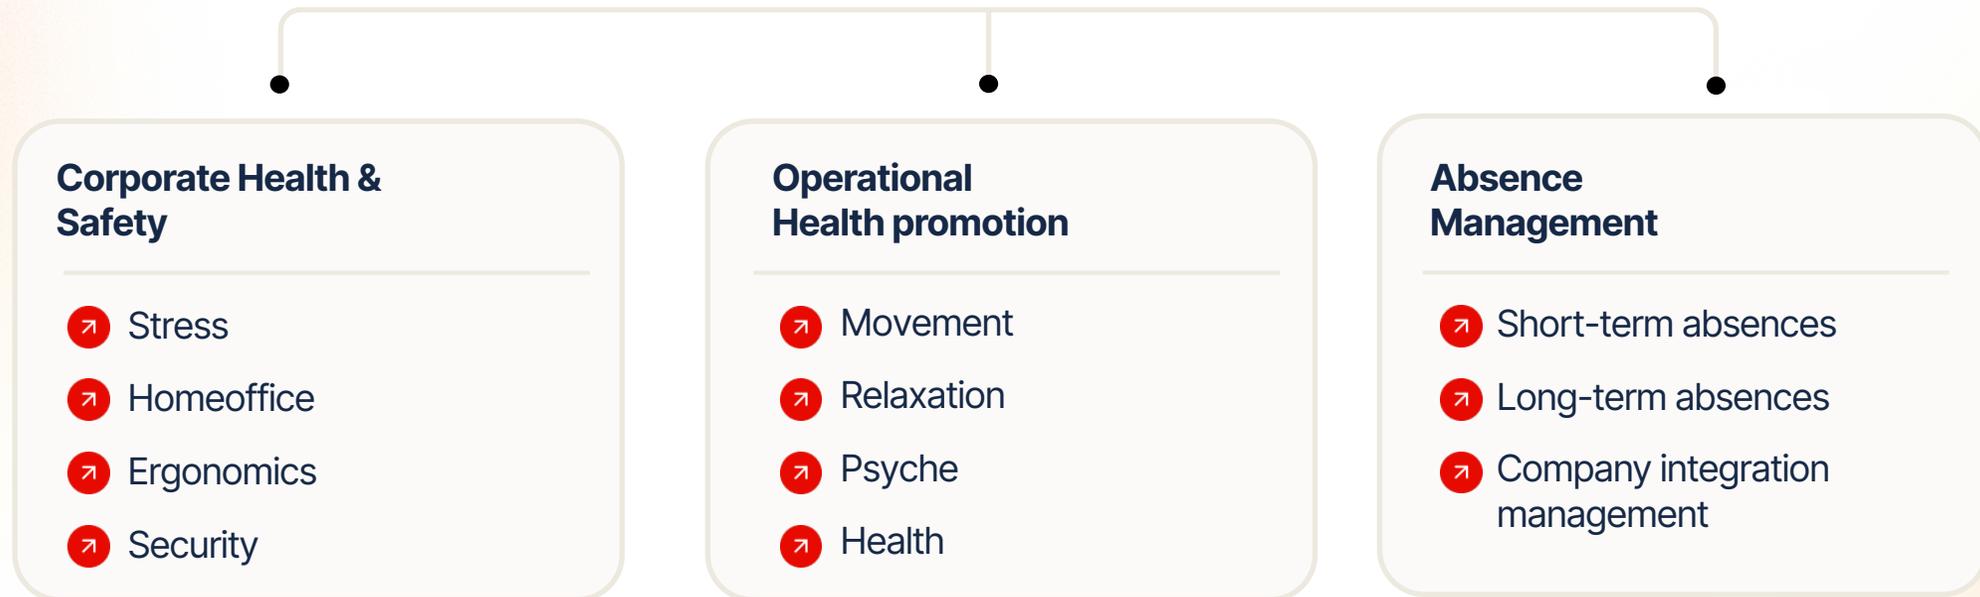

Fluctuation costs companies in recruitment, training and loss of productivity – when employees are heavily involved and socially networked, the willingness to change jobs decreases significantly. A study by Gallup shows that engaged employees reduce the turnover rate by up to 43%.

### ➤ **Reduced medical costs**

Mental stress leads to absenteeism and declining performance. Investments in mental health pay off in several ways: fewer lost days, more productivity and measurable cost reductions. According to the WHO, every franc invested generates an average ROI of 4 francs.

# same.space has an effect also as BGM-Tool

## Corporate Health Management (CHM)

**«same.space makes our CHM even more effective. This is reflected in wellbeing as well as in performance and absences.»**

**Sandro Schmid,  
Head of CHM**

# Common interests make visible

**With clear focus topics, same.space offers orientation and inspiration, promotes initiatives and highlights common interests and activities.**

You can define which topics, structures and content are relevant for your organization individually. The possibilities are endless. Or you can simply adopt the default settings of same.space.

## 01. Sport & Exercise

Running groups, yoga or team games – for physical and mental balance

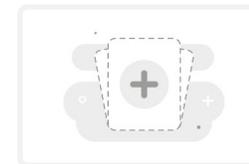

## 02. Culture & Leisure

Concerts, exhibitions or game evenings – for inspiring shared experiences

## 03. Education & Career

Study groups, workshops, career tips – for knowledge transfer and growth

## 04. Your own topics

They define which topics, structures and content are relevant for their organization

Établie entre deux montagnes, la ville de Saint-Imier s'est érigée comme une ville plurielle au carrefour entre la Tour Saint-Martin, le parc Chasseral, l'industrie horlogère et l'anarchisme

Fondé en 1861, le Musée de Saint-Imier a été le témoin de l'évolution du vallon et du Jura bernois. Au travers de cinq thématiques, l'exposition permanente régionale vous invite à partir sur les traces du saint Imier. Établie entre deux montagnes, la ville de Saint-Imier s'est érigée comme es du saint Imier. Établie entre deux montagnes, la ville de Sain.

# Why choose **same.space**

## ➤ **Immediate impact on culture, engagement & health**

same.space strengthens belonging, exchange, and activity across departments, locations, and age groups. This increases commitment, motivation and well-being and reduces absences.

## ➤ **Data protection & Swiss hosting: secure and trustworthy**

100% Swiss development & hosting, no advertising, no tracking, no data sharing. Ideal for organizations with sensitive data and high compliance requirements.

## ➤ **Flexibly adaptable to your structure, your CI/CD and your target groups**

Whether it's a company, a municipality or an educational institution. same.space adapts to your organization, not the other way around. From branding to theme structures, everything can be individually configured.

## ➤ **Easy implementation, fast start, measurable results**

Thanks to intuitive UX, clear onboarding processes and admin insights, you can quickly achieve high usage rates and visible effects on culture, health and networking.
